MATH 226 **Assignment #9** Due: Start of class, Friday 10/28/16

Topic: Normal Distribution; Joint, marginal, and conditional probability distributions;

Reading Assignment: Read sections 6.6, and 7.1 – 7.3;

Assigned Problems:
Chapter 6: 64 & 66 (In solving these problems, transform to standard normal distribution, i.e. z-values)
Chapter 7: 7, 9, 10, 12
